

## Join a thriving organization!

- Take the first step in your professional career. We promote from within!
- Learn from knowledgeable mentors and coaches.
- Join a team who cares about each other and our customers.
- Enjoy local opportunities in the community you love.

## Summer Student

**Temporary Full-Time**

**May 1- August 30, 2024**

**Closes January 31st**

Hourly Wage: \$20.31 - \$27.93

**Innovation Federal Credit Union has a bold ambition. In addition to being Canada's newest Federal Credit Union, we will be the most digital, member-centric organization in our industry. We are on a journey to embrace the core tenets of the digital business model like ideation, the network effect, personalized segmentation, coopetition, and agile ways of working.**

**We come to work to simplify banking for all Canadians - that's our purpose.**

**How does this position help fulfil Innovation's purpose?** Glad you asked!

**As a summer student, you will have the opportunity to:**

- Explore the financial industry and gain work experience in your community
- Work cross-functionally with team members of our organization
- Be provided mentorship to provide you with feedback and guidance
- Have the potential opportunity to work with us during the school year
- Be part of a successful student program that fosters longer term careers after graduation
- Opportunity for tuition reimbursement after schooling is complete

**No resume? No problem!** Instead of attaching a resume, we'd love to hear the following in your cover letter:

- Why did you apply for our student opportunity?
- What are you taking and actively participating in school? (education, extra curricular's, community work, teams, groups, etc.)
- What do you want to achieve while working during the summer?
- What are some professional and personal goals or development you want to work towards?
- If you were the CEO of Innovation Federal Credit Union for a day, what is something you would want to implement?
