

**At BASF**, we create chemistry through the power of connected minds. By balancing economic success with environmental protection and social responsibility, we are building a more sustainable future through chemistry. As the world's leading chemical company, we help our customers in nearly every industry meet the current and future needs of society through science and innovation.

We provide a challenging and rewarding work environment with a strong emphasis on process safety, as well as the safety of our employees and the communities we operate in and are always working to form the best team—especially from within, through an emphasis on lifelong learning and development.

And we are constantly striving to become an even better place to work. BASF has been recognized as one of Canada's Best 100 Employers in 2021 and was honored as one of Canada's Safest Employers Award. Come join us on our journey to create solutions for a sustainable future!
