

What to Expect on Campus for the Fall 2022

Safety Measures

August 18, 2022

To all FNUUniv faculty, staff, and students,

Fall 2022 is the first term in which we will see an increase in the in-person student body on campus. We want to ensure an enjoyable campus experience for the new and returning students, faculty and staff. Since we no longer have an **indoor masking requirement** for any campus, we continue to encourage and welcome masking.

Masks and hand sanitizer will be made available upon entering campus, in addition to every classroom, lab and library. If you require a COVID-19 test kit, please inquire at the Information Desk at your respective campus.

To bolster student engagement, the University is planning Welcome Week campus activities. We want the FNUUniv community to feel comfortable and safe while on campus. We ask that you continue to be conscious of others' health and well-being. If you do not feel well or have tested positive for COVID-19, please stay home, self-manage and advise the [FNUUniv Crisis Response Team](#) immediately.

The University will continue to monitor the situation and re-evaluate our safety measures as needed.

Your consideration in maintaining a safe student and work environment is greatly appreciated.

Sincerely,

FNUUniv Crisis Management Team
